INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Wolverine Power Supply Cooperative, Inc.

Opinion

We have audited the consolidated financial statements of Wolverine Power Supply Cooperative, Inc. (the "Cooperative"), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related consolidated statements of income, retained earnings and cash flows for the years then ended, and the related notes to the financial statements included on pages 110 through 123 of the accompanying Federal Energy Regulatory Commission ("FERC") Form No. 1: *Annual Report of Major Electric Utilities, Licensees and Others*.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Cooperative as of December 31, 2025 and 2024 and the results of their operations and their cash flows for the years then ended in accordance with the accounting requirements of the Federal Energy Regulatory Commission, as set forth in its applicable Uniform System of Accounts and published accounting releases.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cooperative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements included in the FERC Form 1, which describes the basis of accounting. As described in Note 2 to the financial statements, the financial statements are prepared by Wolverine Power Supply Cooperative, Inc. on the basis of the financial reporting provisions of Federal Energy Regulatory Commission, as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements referred to above. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the regulatory basis financial statements in accordance with the financial reporting provisions of the Federal Energy Regulatory Commission, as set forth in its applicable Uniform System of Accounts and published accounting releases. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the regulatory basis financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern within one year after the date the regulatory basis financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of the Regulatory Basis Financial Statements

Our objectives are to obtain reasonable assurance about whether the regulatory basis financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wolverine Power Supply Cooperative, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wolverine Power Supply Cooperative Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Additional Information

Management is responsible for the accompanying additional information to the financial statements included in the accompanying Federal Energy Regulatory Commission Form No. 1, which is presented for purposes of additional analysis and is not a required part of the basic financial statements included on pages 110 through 123 of the accompanying Federal Energy Regulatory Commission Form No. 1. Our opinion does not cover the additional information, and we do not express an opinion or any form of assurance thereon.

Restriction on Use

Our report is intended solely for the information and use of Wolverine Power Supply Cooperative, Inc. and is not intended to be and should not be used by anyone other than these specified parties.
